## CONTACT

- 📞 650-722-4302
- ✉ riv\_kaylie@hotmail.com
- 📍 Redwood City, CA

## SKILLS

- Strong communication skills between colleagues and clients
- Detail oriented
- Quick learner; thrives in fast-paced environments
- Punctual; exercises sound judgment in challenging situations

## PROGRAMS

Autodesk - Revit, AutoCAD  
Rendering - Lumion, Enscape  
Sketchup  
Bluebeam  
Microsoft Office  
Adobe Creative Suit

## LANGUAGES

English (Fluent) + Spanish (Intermediate)

## EDUCATION

2022 - 2026  
**BFA Interior Architecture**  
California State University, Sacramento  
Deans Honors List Recipient  
Cumulative GPA: 3.63

2018 - 2022  
**General Education**  
Sequoia High School | Digital Arts Academy

## PERSONAL ACHIEVEMENTS

- Pursuing LEED and NCIDQ certifications
- AIAS Sac State club member. Held the position of Treasurer (2024-2025)
- Participated and graduated from the Digital Arts Academy at Sequoia High School (2019-2022)
- Received the 2022 Principal's Award and scholarship
- Sequoia High School Booster Club Logo Redesign Competition Winner (2021)

## PROFESSIONAL EXPERIENCE

### San Francisco International Airport Student Design Trainee | Architecture

June 2025 - October 2026

- Developed Revit models, floor plans, RCPs, custom families, and 3D components to support design documentation.
- Documented existing conditions and proposed a new seating layout for Boarding Area C to improve passenger circulation and space utilization.
- Conducted field measurements and site surveys to verify existing conditions and ensure design accuracy.
- Coordinated with project teams and fabricators on a passenger passageway through Customs for connecting flights.
- Designed emergency evacuation signage and applied SFO design standards to project requirements.
- Collaborated with architects, engineers, and planners on design development, site visits, and field observations.
- Prepared and presented design proposals, effectively communicating concepts and design solutions.

### AIAS Sacramento State Treasurer

August 2024 - August 2025

- Managed club finances, prepared budgets, and tracked expenses to ensure financial accountability.
- Hosted and facilitated general meetings with team bonding activities to strengthen member engagement.
- Competed in the Design Village Competition at Cal Poly SLO, contributing to a team project that placed 4th overall.
- Coordinated and participated in firm tours and networking events, building professional connections with design industry leaders.

### Trico Construction Assistant Project Engineer and Draftsman

2020 - As needed assistance

- Assisted with on-site construction tasks, supporting project managers and crew to ensure daily operations ran smoothly.
- Utilized AutoCAD to create and edit technical drawings.
- Handled receptionist duties, including answering phones, scheduling appointments, and greeting clients.
- Organized and filed project documentation, contracts, and permits to maintain accurate records, both physical copies and online.

# SCHOLARS VILLAGE

## CONCEPT:

A THREE-BUILDING HOUSING PROJECT DESIGNED TO SUPPORT STUDENTS FACING FINANCIAL HARDSHIP AND HOUSING INSECURITY.

TWO OF THE BUILDINGS FUNCTION AS DORM-STYLE UNITS THAT ACCOMMODATE BOTH STUDENTS WITH DISABILITIES AND STUDENTS WITH CHILDREN, WHILE THE MAIN CENTRAL BUILDING SERVES AS A COMMUNAL HUB WITH MEAL-PREP AREAS AND A QUIET STUDY SPACE. TOGETHER, THESE SPACES CREATE A SUPPORTIVE ENVIRONMENT THAT PRIORITIZES COMFORT, ACCESSIBILITY, AND COMMUNITY.

## DESIGN STRATEGIES:

- STAW BALE WALLS
- WELL INTEGRATED WITH THE CURRENT SACRAMENTO STATE SITE

## DESIGN PRINCIPLES:

- UNITY
- RHYTHM / REPETITION

# SFO INTERNSHIP

# SFO INTERNSHIP - BOARDING AREA C

## **SCOPE:**

CARPET REPLACEMENT AND FURNITURE INSTALLATION IN BOARDING AREA C AT SAN FRANCISCO INTERNATIONAL AIRPORT (SFO).

## **DESIGN DEVELOPMENT:**

UPDATED FLOOR PLANS TO REFLECT EXISTING CONDITIONS AND DEVELOPED PROPOSED FURNITURE LAYOUTS BASED ON OPERATIONAL AND ACCESSIBILITY NEEDS. APPLIED SFO STANDARDS AND DESIGN PRINCIPLES SUCH AS REPETITION AND COHESION TO CREATE FUNCTIONAL, UNIFIED SPACES.

## **PROPOSED**

### BOARDING AREA C

## **EXISTING**

### BOARDING AREA C

# SFO INTERNSHIP

## EMERGENCY EVACUATION MAP OF FACILITIES AND OFFICE BUILDINGS

682 WEST CAMPUS DRIVE

IN CASE OF EMERGENCY USE EMERGENCY TELEPHONE OR CALL 911 FOR FIRE/POLICE/MEDICAL

IN CASE OF EMERGENCY, PULL FIRE ALARM, USE EXIT STAIRS, DO NOT USE ELEVATOR.  
FIRE ALARM SOUNDS LIKE A THREE PULSE HORN AND STROBE LIGHTS WILL FLASH.

# MIXED-USE DEVELOPMENT

THIS PROJECT IS A MIXED-USE DEVELOPMENT THAT COMBINES THREE PROGRAM ELEMENTS INTO ONE COHESIVE BUILDING. IT FEATURES RESIDENTIAL LOFT APARTMENTS ON THE UPPER FLOORS, A RESTAURANT, AND FLEXIBLE OFFICE SPACE ON THE GROUND LEVEL. EACH COMPONENT REQUIRED A DISTINCT DESIGN APPROACH, SHOWCASING MY VERSATILITY IN ADDRESSING DIVERSE SPATIAL NEEDS WHILE MAINTAINING A UNIFIED ARCHITECTURAL VISION. THE BALANCE OF OLD AND NEW GIVES THE PROJECT A DISTINCTIVE IDENTITY AND STRENGTHENS ITS CONNECTION TO THE SURROUNDING CONTEXT.

## **BUFFET**

FIRST FLOOR | RIGHT

## **EVENTS OFFICE**

FIRST FLOOR | LEFT

## **LOFT APARTMENTS**

SECOND FLOOR

FIRST FLOOR | RIGHT

FIRST FLOOR | RIGHT

A CAPTIVATING BUFFET CENTERED ON HEALTHY DINING WAS DESIGNED WITH A BOHEMIAN, MID-CENTURY MODERN ATMOSPHERE. BLENDING VIBRANT CHARACTER WITH A RELAXED YET SOPHISTICATED AESTHETIC.

## EVENTS OFFICE

### FIRST FLOOR | LEFT

AN INVITING EVENTS OFFICE SPACE WAS CREATED IN A RETRO STYLE, FEATURING A FLEXIBLE ENVIRONMENT THAT FOSTERS COLLABORATION WHILE MAINTAINING A PLAYFUL AND NOSTALGIC ATMOSPHERE.

## SECOND FLOOR

AN INDUSTRIAL LOFT WAS TRANSFORMED INTO TWO COMPLEMENTARY YET DISTINCT APARTMENTS, WITH INTENTIONAL DESIGN THAT PRESERVED THE EXISTING CONDITIONS

# DESIGN VILLAGE 2026

**THEME:** RESILIENCE

**TEAM NAME:** 3LEMENTS

**PROJECT NAME:** HEXAFOLD

**AWARD:** INNOVATION NOMINEE

## CONCEPT

BASED ON THE SHELL OF A HERMIT CRAB, WHICH RESEMBLED RESILIENCE WITHIN NATURE.

WE UTILIZED RECLAIMED MATERIALS TO MAKE A LIGHTWEIGHT, COMPACTABLE SHELTER.

## DESIGN PRINCIPLES:

- UNITY
- RHYTHM
- MATERIAL

## MATERIALS:

- BUILDBOARD SIGN
- METAL CONDUIT
- 3D PRINTED JOINTS MADE OF PLA

# LOGO DESIGN

## **SEQUOIA HIGH SCHOOL BOOSTER CLUB LOGO**

SEQUOIA HIGH SCHOOL IS WHERE I SPENT FOUR YEARS LEARNING, GROWING, AND MAKING LASTING CONNECTIONS. I DESIGNED SEQUOIA HIGH SCHOOL'S BOOSTER CLUB LOGO, USING THE SCHOOL'S COLORS AND A CIRCULAR COMPOSITION TO CREATE A BOLD, SCALABLE MARK. THE DESIGN EMPHASIZES THE "S" FOR SEQUOIA AND RAVEN TO REPRESENT SCHOOL SPIRIT.

# JAPAN STUDY ABROAD

AN IMMERSIVE ARCHITECTURE STUDIO ACROSS THREE CITIES IN JAPAN WHERE I EXPLORED HISTORIC AND CONTEMPORARY ARCHITECTURE THROUGH SITE VISITS, DESIGN CHARRETTEs, AND REFLECTIVE JOURNALING. THE EXPERIENCE DEEPENED MY UNDERSTANDING OF JAPANESE CRAFTSMANSHIP CULTURE AND DESIGN WHILE STRENGTHENING MY ABILITY TO APPROACH ARCHITECTURE THROUGH A GLOBAL AND CROSS-CULTURAL PERSPECTIVE.

KYOTO

## RESEARCH TOPIC: LIGHTING

WHILE EXPLORING JAPAN, I BECAME FASCINATED BY HOW LIGHTING SHAPED EACH SPACE. I OBSERVED PRINCIPLES OF BALANCE, REPETITION, CONTRAST, AND RHYTHM THROUGH THE USE OF NATURAL DAYLIGHT, FRAMED OPENINGS, AND CAREFULLY PLACED ARTIFICIAL LIGHTING. FROM CALM, DAYLIGHT-FILLED INTERIORS TO ILLUMINATED STOREFRONTS AT NIGHT, LIGHT ENHANCED BOTH FUNCTIONALITY AND ATMOSPHERE WHILE CREATING A STRONG CONNECTION TO PLACE.
